Summary

Software engineer with 3+ years of experience shipping web and mobile products with React/Next.js, React Native and Node.js. Currently project lead on an AI-powered OSINT platform, where I designed the architecture and built the Python scraping and LLM-based entity analysis pipeline. I enjoy owning features end to end and mentoring others.

Technical Skills

Languages: TypeScript, JavaScript (ES6+), Python, SQL, C, C++

Frontend: React, Next.js, React Native, Redux Toolkit, Zustand, TanStack Query, Tailwind CSS, shadcn/ui

Backend: Node.js, Express.js, NestJS, REST APIs, Socket.io, JWT / OAuth, Prisma ORM, Zod

Data & AI: PostgreSQL, MongoDB, Redis, LLM integration, prompt design, web scraping, text classification

Cloud & Tools: AWS (S3, Elastic Beanstalk), Docker, GitHub Actions (CI/CD), Vercel, Git, Jest, Jira, Figma

Experience

Software Engineer (Project Lead) — **AiGeeks** | *UAE, Remote* Feb 2026 – Present

- Lead an AI-powered OSINT platform that collects open-source data and uses LLMs to extract and analyse entities.
- Built the Python web-scraping and text-classification pipeline that feeds the analysis layer.
- Own system design and architecture for the multi-service app; mentor interns and review their code.

Frontend Developer — **Nipuna Prabhidhik Sewa** | *Pokhara, Nepal* Jan 2025 – Oct 2025

- Built and maintained large Accounting and CRM web applications in React and Tailwind CSS.
- Delivered features in Agile sprints with backend developers and designers, matching Figma designs precisely.
- Wrote Jest unit tests, reviewed code and fixed production bugs; promoted to Junior Frontend Developer early.

Full-Stack Web & Mobile Developer — **Freelance** | *Remote* Jan 2022 – Present

- Delivered full-stack web and mobile projects for clients in Australia, Canada, Japan and Nepal.
- Built the official website for the Association of CSIT Students (ACS), Prithvi Narayan Campus.

Projects

ACS App Nov 2024 – Present

- React Native + TypeScript app giving BSc CSIT students notices, events and semester-wise study materials in one place; earned a Token of Appreciation from the Association of CSIT Students.

QuizHunt — quiz-hunt.vercel.app Jan 2024 – Present

- Quiz platform to create, play and share quizzes (React, Node.js) with Google sign-in, real-time chat via Socket.io and dark mode; published on the Play Store.

Exam Management System — exam-ms.vercel.app Mar 2024 – Present

- Faculty, exam and result management in Next.js, TypeScript and PostgreSQL (Prisma); Dockerised backend with CI/CD via GitHub Actions and Vercel.

Leadership & Community

- **Coordinator, ACS Research, Development & Innovation** (2025 – now); Tech Lead 2024 – 25 (Certificate of Appreciation).
- **Trainer, Digital Literacy Programme** — Pokhara Metropolitan City Youth Council (2025 – 26).
- **Fonepay Student Ambassador 2025** (Season 2) — one of 150 ambassadors nationwide.

Education

B.Sc. CSIT — **Tribhuvan University (Prithvi Narayan Campus)** | *GPA 3.45 / 4.0, semesters I–VI* 2022 – Expected 2027

Awards & Certifications

- **Winner**, Yantra Hackathon — Pokhara Engineering College (2024)
- **HackerRank Certified** — Software Engineer, Node.js, Frontend Developer (React) (2026)
- **PNC–Muroran Collaborative Research Workshop** — with Muroran Institute of Technology, Japan (2024)
